## Verse for The Bible

In the beginning, God created the heavens and the Earth.

Genesis 1:1

## Parent/child Weekly Study

God made everything, what is your favorite of his creations?

What is your favorite food?

What is your favorite season?

How does it make you feel that God made all of his special creations for you to enjoy?

Everything is Different

Everything is different, can you see?

God made everything, including me!

Everything is different, can you see?

Everything is different from the bear to  
the bee.

A chameleon changes to the color  
of leaves.

Fish return home after many years  
at sea.

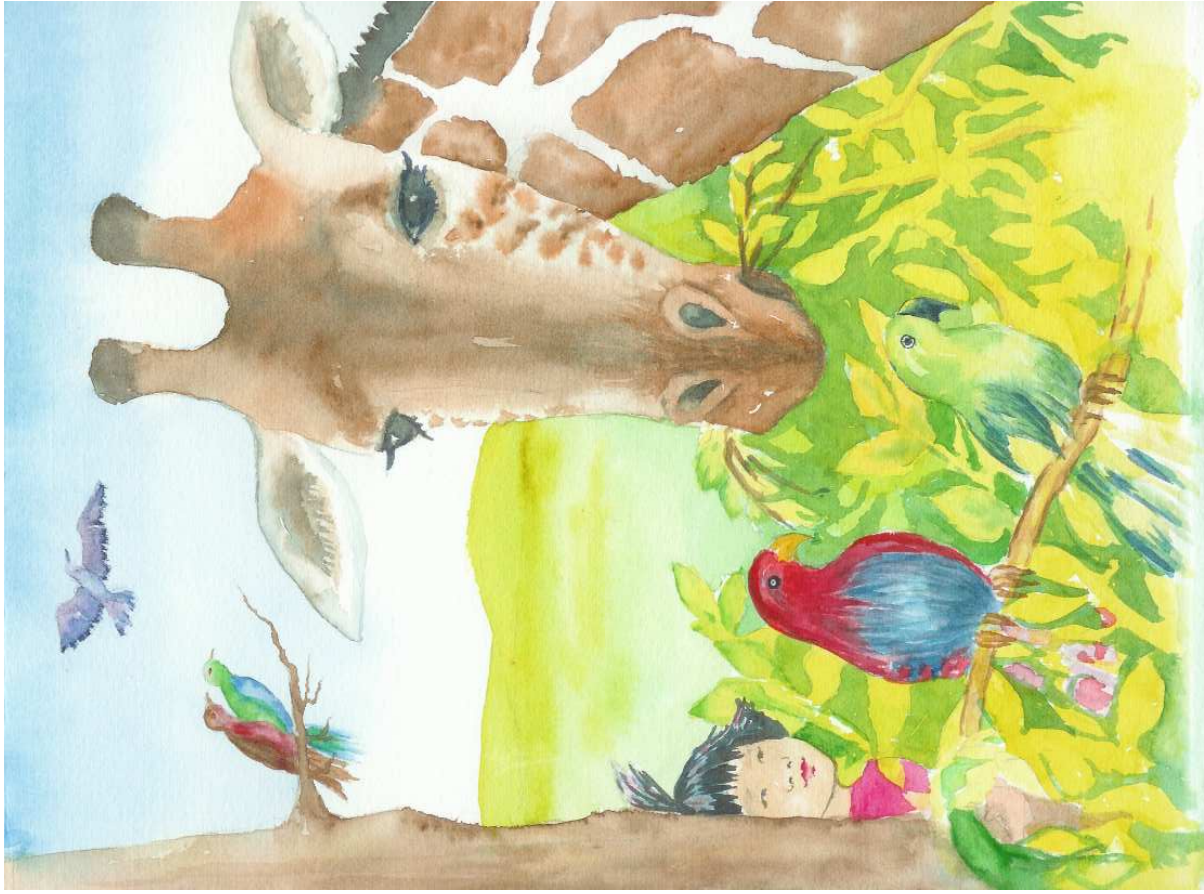

The spider spins an intricate web.

The antelope carries horns on its head.

Birds fly miles in the spring and fall.

The giraffe's neck makes him very, very tall.

Bats can fly at night and never fall.

Cheetahs are the fastest animals of all.

Whales live in the ocean and talk to each other.

So does the dolphin, he lives with his brother.
