

PRAYER JOURNAL

A 52 Week Journal

KidsFaith Curriculum

Classroom Prayer Journal

The prayer journal was designed to provide a space to record your classroom prayer requests and answers.

During fellowship time, use the journal to record the prayers and needs expressed by your students, then on following weeks refer back and record answers.

Talk to you students about the different kinds of prayers (prayers of thankfulness, forgiveness, requests,) ways that God answers prayer, how God uses his own judgment and knowledge when answering prayers, and how prayer is a powerful and effective tool in our lives.

Beginning an active prayer life with your students will model this behavior and create lasting prayer habits that they will take into adulthood.

On the bottom of each page is a space provided to you, the teacher, to record notes on the needs of your students.
